ENLISTMENT OF VOLUNTEERS

Discussed by the Cabinet at its Meeting Yesterday.

VOLUNTEERS NOT NEEDED

The President Will Authorize Enlistment of Volunteers if Necessary—400 Regulars From Cuba, Porto Rico and United States Will Be Sent to Make Up General Otis' 30,000 Men—Generals Funston, Hale and Smith to Come Home.

(By Telegraph to Virginian-Pilot.) Washington, June 2.—The Cabinet at its meeting to-day decided that there was no present necessity for the enlistment of volunteers. The situation was gone over at the Cabinet meeting very fully before this conclusion was reached. The President stands ready at any time it may appear necessary to authorize the enlistment of volunteers should more men be deemed necessary, although hoping that such a contingency may not arise. General Otis is to be given the 30,000 men for whom he has asked. The 5,000 or 6,000 additional troops to make up the 30,000 are to be taken from the regulars now serving in Porto Rico, Cuba and this country.

The administration's advice from Professor Schurman, of the Philippine Commission, have been uniformly optimistic, and it is understood that further advice of the same tenor were received to-day. This was also borne out by the press dispatches, which spoke of social gaities in Manila for the benefit of the friendly native population.

It is said that there is no difficulty about putting into Manila any number of troops this government may elect to send. Coincident with the withdrawal of the volunteer troops in the Philippines Generals Hale, Smith and Funston will be relieved from further duty in that country and ordered home for muster out, with the organizations with which they were identified before their elevation to brigadier rank.

BABY CLARK'S ABDUCTORS.

BARROW SAID TO BE A LAWYER FROM LITTLE ROCK.

(By Telegraph to Virginian-Pilot.) New York, June 2.—Arthur W. Clark, father of baby Marion Clark, who was kidnapped a week ago, and yesterday returned to her parents, to-day filed an information against James and Jennie Wilson and Carrie Jones for kidnapping.

The two former are in custody at Nyack. When Chief McCluskey reached Nyack to-day to bring the Wilsons here, Sheriff Blauvelt refused to surrender the prisoners, maintaining the Rockland county authorities had jurisdiction in the case. McCluskey says the sheriff's refusal to surrender the prisoners is outrageous and declares he will appeal the case to Governor Roosevelt.

The Wilson woman is represented to-day as saying that Carrie Jones gave her the baby as a sick child in need of country air. She was paid for taking charge of the baby. The man known as Wilson is said to be George Beauregard Barrow, a lawyer of Little Rock, Ark.

BARROW AT LITTLE ROCK. Little Rock, Ark., June 2.—Barrow, alias Wilson, the alleged kidnapper, is well known here and belongs to a prominent family. He is 28 years old and is a member of the bar.

(By Telegraph to Virginian-Pilot.) New York, June 2.—The World this morning says:

Carrie Jones, the nurse who had charge of little Marion Clark, was arrested at Summit, N. J., last night. Her real name is Bella Anderson. In a confession last night she said that she had been a party to the abduction, but that she had been led into the scheme by George Beauregard Barrow and his wife Jennie.

THE CENSUS APPOINTMENTS.

SOUTHERN REPUBLICANS FLOOD THE WHITE HOUSE WITH PROTESTS.

(By Telegraph to Virginian-Pilot.) Washington, June 2.—It is stated that Southern Republicans are flooding the White House with protests against dividing the census appointments with the Democrats and claiming that this means that the census will not be fairly or squarely taken. The matter is brought to light by the speech of Representative Bailey, in Texas, yesterday, criticizing Director Merriam because he had placed in the hands of Senators from Texas the selection of such appointees as are to be allowed the Democrats.

Director Merriam confers frequently with the President, and it is supposed that there is a complete understanding as to the distribution of the places among the parties.

Section 18, of the act, says that appointments shall be made without reference to their party affiliations, and solely with reference to the fitness of the persons.

White Caps Indicted. (By Telegraph to Virginian-Pilot.) Griffin, Ga., June 2.—The special grand jury called to investigate the "Laborers Union Band" of whitecaps who recently beat and terrorized negro mill hands, has returned indictments against five men, all white. The grand jury represented to the court that a number of witnesses summoned to testify against the whitecaps had "wittingly and knowingly perjured themselves."

A special term of the court will meet Monday to try the men indicted.

GOV. WM. H. ELLERBE DEAD.

SOUTH CAROLINA'S CHIEF EXECUTIVE PASSED AWAY LAST NIGHT.

(By Telegraph to Virginian-Pilot.) Charleston, S. C., June 2.—William Hazelden Ellerbe, Governor of South Carolina, died near Dillon this evening. About two weeks ago he went in the last stages of consumption from the Governor's residence at Columbia where he had been an invalid for months, to his plantation home in Marion county.

He was a descendant of Captain Thos. Ellerbe, of Marion's brigade, who came to this State from Virginia in 1737. He was born in 1862 and educated at Wofford College and Vanderbilt University. He was a planter and merchant at the inception of the Tillman movement in 1888, and was elected Comptroller General in 1896. In 1894 he was defeated as candidate for Governor. In 1896 he was elected Governor, carrying every county in the State except one, receiving the votes of many conservatives, as he had proclaimed his determination to know no faction.

When the Spanish war was proclaimed he promptly seconded the call of the President for volunteers, and his appointment of officers gave general satisfaction.

In November, 1898, he was re-elected Governor after a hot campaign, and over a most formidable opposition, many conservatives claiming that he had not fulfilled his pledges. He warmly approved the Spanish war, saying in his speech to the volunteers:

"We are all Americans. The sentiment of every American, yes, of every South Carolinian, is expressed that faction will not divide us; that sectionalism will not destroy this Republic. Its borders shall be extended, its commerce shall float upon every sea, its stars shall be trebled, and its institutions shall flourish until time is no more. We fought to destroy the Union, but we were right in principle. We were whipped and are now in the Union to stay."

His domestic life has been a happy and beautiful one. He leaves his widow and six children valuable landed estates in Marion county.

He will be succeeded by Lieutenant-Governor Miles B. McQueeney, of Hampton county, a former Charleston printer boy who has risen to the top through his own exertions.

American Rule a Fiasco.

Spain believes that American rule in the Philippines will prove a fiasco. Spain also believes it utterly impossible for America to whip her. After vigorous argument Spain changed her mind on one point, and she may yet on another. There is no more chance of America's failing to do what she has made up her mind to do than there is of Hostetter's Stomach Bitters failing to cure any stomach trouble, or any disease arising from a weak stomach. The Bitters is an American remedy which never has failed—which cannot fail. It has cured more cases of constipation, indigestion, malaria, fever and ague, liver and kidney troubles than any other remedy known to science. All druggists keep it, and have for 50 years. It will cure you if you are sick, and if you are not it will keep you well.

Lutherans at Richmond.

(By Telegraph to Virginian-Pilot.) Richmond, Va., June 2.—The Atlantic District of the German Evangelical Synod of North America (Lutheran) this afternoon adopted the recommendation that no missions be established where there are other Protestant churches until the German Evangelical Church has covered the field elsewhere. It was resolved that churches, five or six in number form Sunday school unions and unions of Young People's Societies.

BIG BOND SWINDLE.

COUNTERFEITS OF ARKANSAS COUPONS HELD BY NEW YORKER.

(By Telegraph to Virginian-Pilot.) Little Rock, Ark., June 2.—A letter of inquiry from the executor of a New York estate, addressed to State Treasurer Little, has unearthed a bond swindle, which already amounts to \$175,000, and which State officials believe may, on investigation, run up into the millions.

The letter is from William L. Jacques, No. 155 West One Hundred and Nineteenth street, New York City. Mr. Jacques says he is the holder of seventy bonds of the State of Arkansas, series of 1870, due this year, and he gives a schedule of them. Seventeen of these bonds, ranging in numbers from 3 to 429, are shown on the State bond record to have been redeemed and cancelled, with the exception of two, which are now in the permanent school fund and actually in the vaults of the State treasury.

How Mr. Jacques could have the same bonds in his possession is a riddle that can be solved only on the supposition that they are counterfeit.

The remaining 53 bonds are as valuable as the paper upon which they are printed, as they came within the limits of those repudiated by the Fishback amendment.

The appearance of these bonds is taken by the State authority as evidence of a gigantic swindle having at some time in past years been perpetrated, and the State Bond Board will endeavor to ascertain to what length it was carried and, if possible, locate the guilty parties.

YELLOW FEVER CASE.

NEW ORLEANS REPORTS NO FURTHER CASES DISCOVERED.

(By Telegraph to Virginian-Pilot.)

New Orleans, June 2.—At a conference to-day of visiting physicians, who have fully investigated health conditions here and the recent case of sporadic yellow fever, the following statement was issued:

"After an investigation of the health conditions of New Orleans and special inquiry into the case of yellow fever reported on May 25th, we state that we have been unable to find any other cases of suspicious illness in the city, and have not been able to trace the source of infection in the case reported."

"The State and local health authorities have afforded us all reasonable assistance in this investigation."

"We deem it unnecessary and unwise for any State or city to quarantine against New Orleans under the present conditions."
